9. LIMITED LIABILITY

Kensu shall have no liability for any refund that, in accordance with the terms of this Agreement, is to be paid by Reseller. To the extent permitted by Law, each party's total, cumulative liability arising out of or related to this Agreement and the products and services provided under it, whether based on contract, tort (including negligence), or any other legal or equitable theory, will be limited to the amounts paid by Customer for use of the products or provision of the services giving rise to the claim during the 12-month period preceding the first event giving rise to liability. The Kensu Products are not designed for any purpose requiring fail-safe performance, including stock trading, financial transaction processing, operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, weapons systems, or other management or operation of hazardous facilities or applications for which failure could result in death, personal injury, or severe physical, property, or environmental damage (each, a "**High Risk Activity**"). Kensu, its licensors, and suppliers expressly disclaim all warranties of fitness for any such use.

12.8 Execution. This Agreement may be executed in counterparts, by electronic means to accurately send images, such as via email, or by electronic signature service. Neither party will contest the Agreement's validity solely because a signature was faxed or sent through other permitted electronic means. Each party will deliver to the other an original executed copy of the Agreement promptly after execution.

12.9 Waiver and Amendment. Failure by a party to enforce any part of this Agreement will not be deemed a waiver of future enforcement of that or any other provision. A waiver of any right is effective only if in a writing signed by an authorized representative of the waiving party. Any modification of this Agreement must be in writing and signed by authorized representatives of both parties.

12.10 Severability. If any term of this Agreement is held invalid, unenforceable, or void by a court of competent jurisdiction, such term will be enforced to the maximum extent permissible, such holding will not affect the remaining terms, and the invalid, unenforceable, or void term will be deemed amended or replaced by a valid, legal, and enforceable term that matches the intent of the original language as closely as possible.

12.11 Relationship. The parties are independent contractors. Nothing in this Agreement will be construed to create a partnership, joint venture, agency, or other relationship. Neither party has any right or authority to assume or create any obligation of any kind, express or implied, in the other party's name or on its behalf. No third-party is a third-party beneficiary of, or liable under, this Agreement, and no third-party is responsible for any obligations or liability arising out of Customer's use of the Kensu Core Technology.

12.12 Governing Law: Jurisdiction and Venue. If Customer is located in the United States, Canada, or Mexico this Agreement will be governed by the Laws of the State of California, without regard to its conflict of laws principles. The parties irrevocably consent to the exclusive jurisdiction of, and venue in,

any federal or state court of competent jurisdiction located in Santa Clara County, California, for the purposes of adjudicating any dispute arising out of or related to this Agreement. Each party expressly consents to service of process by registered mail. To the extent permitted by Law, choice of law rules and the United Nations Convention on Contracts for the International Sale of Goods will not apply. Notwithstanding the foregoing, either party may at any time seek and obtain appropriate legal or equitable relief in any court of competent jurisdiction for claims regarding such party's Intellectual Property Rights.

12.13 Country Specific Provisions. For any Customer domiciled outside the United States, Canada, or Mexico, the country-specific provisions following this Section 12 shall replace or supplement the equivalent provisions of the Agreement depending on the following: **(a)** if Customer is executing its Use Authorization with Kensu Nederland B.V., then "the Netherlands" provisions apply; **(b)** if Customer is executing its Use Authorization with Kensu UK Ltd., then the "United Kingdom" provisions apply; and **(c)** if Customer is domiciled in Australia, then the "Australia" provisions apply.

12.14 Equitable Remedies. The receiving party's disclosure of Confidential Information except as provided in this Agreement, or a party's infringement or misappropriation of the other party's Intellectual Property Rights may result in irreparable injury for which a remedy in money damages may be inadequate. In the event of such actual or threatened disclosure, infringement or misappropriation, disclosing party may be entitled to seek an injunction to prevent the breach or threatened breach without the necessity of proving irreparable injury or the inadequacy of money damages, in addition to remedies otherwise available to disclosing party at law or in equity.

12.15 Construction. Kensu is obligated to provide Kensu Products only in the English language, unless otherwise agreed in writing. The parties have expressly requested that this Agreement and all related documents be drafted in English. *Les parties confirment avoir expressément exigé que le présent contrat et les documents de Kensu qui y sont attachés soient rédigés en anglais.* Section headings are for convenience only and are not to be used in interpreting this Agreement. This Agreement has been negotiated by the parties and their respective counsel and will be interpreted fairly in accordance with its terms and without any strict construction in favor of or against either party. Lists of examples following "including", "e.g.", "such as", or "for example" are interpreted to include "without limitation", unless qualified by words such as "only" or "solely." Unless stated or context requires otherwise: **(a)** all internal references are to this Agreement, its parties, and its Exhibits; **(b)** "days" means calendar days; **(c)** "may" means that the applicable party has a right, but not a concomitant duty; **(d)** all monetary amounts are expressed and, if applicable, payable, in U.S. dollars; **(e)** "current" or "currently" means "as of the Effective Date" but "then-current" means the present time when the applicable right is exercised or performance rendered or measured; **(f)** the word "or" will be deemed to be an inclusive "or"; **(g)** URLs are understood to also refer to successor URLs, URLs for localized content, and information or resources linked from within the websites at such URLs; **(h)** a writing is "signed" when it has been hand-signed (i.e., with a pen) or electronically signed using an electronic signature service by duly authorized representatives of both parties; **(i)** a party's choices, elections, and determinations under this Agreement are in its sole discretion; **(j)** the singular includes the plural and vice versa; **(k)** a reference to a document includes any amendment, replacement, or novation of it; and **(m)** a reference to a thing includes a part of that thing (i.e., is interpreted to include "in whole or in part").

12.16 Entirety. This Agreement (together with the Use Authorizations, Product Overviews, SOWs, and Service Descriptions, all of which are also deemed incorporated by this reference) is the parties' entire agreement regarding its subject matter and supersedes all prior or contemporaneous oral or written agreements, representations, understandings, undertakings, negotiations, letters of intent, and proposals, with respect to such subjects. The terms of this Agreement apply to the exclusion of any other terms Customer seeks to impose or incorporate, or that may be implied by trade, custom, practice, or course of dealing. Customer acknowledges it has not relied on any statement, promise, or representation made or given by or on behalf of Kensu that is not expressly stated in this Agreement. Customer's orders are not contingent, and Customer has not relied, on the delivery of any future functionality regardless of any verbal or written communication about Kensu's possible future plans.

To the extent permitted by law, choice of law rules and the United Nations Convention on Contracts for the International Sale of Goods shall not apply. In the event of any conflict between the terms of this Data Security Guide and the terms of the Agreement with respect to the subject matter herein, this Data Security Guide shall control. All capitalized terms not defined in this Data Security Guide will have the meaning given to them in other parts of the Agreement.

1. SECURITY PROGRAM

While providing the Subscription Service, Kensu will maintain a written information security program of policies, procedures and controls governing the processing, storage, transmission and security of Customer Data (the "**Security Program**"). The Security Program includes industry-standard practices designed to protect Customer Data from accidental or unlawful destruction, loss, alteration, unauthorized disclosure, or access. Kensu regularly tests, assesses, and evaluates the effectiveness of the Security Program and may periodically review and update the Security Program to address new and evolving security technologies, changes to industry standard practices, and changing security threats, although no such update will materially reduce the commitments, protections or overall level of service provided to Customer as described herein.

2. PHYSICAL, TECHNICAL, AND ADMINISTRATIVE SECURITY MEASURES 2.1 PHYSICAL SECURITY MEASURES.

2.1.1. Data Center Facilities. (a) Physical access restrictions and monitoring that may include a combination of any of the following: multi-zone security, man-traps, appropriate perimeter deterrents (e.g. fencing, berms, guarded gates), on-site guards, biometric controls, CCTV, and secure cages; and (b) fire detection and fire suppression systems both localized and throughout the data center floor.

2.1.2. SYSTEMS, MACHINES AND DEVICES. (a) Physical protection mechanisms; and (b) entry controls to limit physical access.

2.1.3. MEDIA. (a) Industry standard destruction of sensitive materials before disposition of media; (b) secure safe for storing damaged hard disks prior to physical destruction; and (c) physical destruction of all decommissioned hard disks storing Customer Data.

2.2 TECHNICAL SECURITY MEASURES.

2.2.1. ACCESS ADMINISTRATION. Access to the Subscription Service by Kensu employees and contractors is protected by authentication and authorization mechanisms. User authentication is required to gain access to production and sub-production instances. Access privileges are based on job requirements and are revoked upon termination of employment or consulting relationships. Production infrastructure includes appropriate user account and password controls (e.g., the required use of VPN

connections, complex passwords with expiration dates, and a two-factored authenticated connection) and is accessible for administration.

2.2.2. SERVICE ACCESS CONTROL. The Subscription Service provides user and role-based access controls. Customer is responsible for configuring such access controls within its instance.

2.2.3. LOGGING AND MONITORING. The production infrastructure log activities are centrally collected and are secured in an effort to prevent tampering.

2.2.4. FIREWALL SYSTEM. An industry-standard firewall is installed and managed to protect Kensu systems by residing on the network to inspect all ingress connections routed to the Kensu environment.

2.2.5. VULNERABILITY MANAGEMENT. Kensu conducts periodic independent security risk evaluations to identify critical information assets, assess threats to such assets, determine potential vulnerabilities, and provide for remediation. When software vulnerabilities are revealed and addressed by a vendor patch, Kensu will obtain the patch from the applicable vendor and apply it within an appropriate timeframe in accordance with Kensu's then-current vulnerability management and security patch management standard operating procedure and only after such patch is tested and determined to be safe for installation in all production systems.

2.2.6. ANTIVIRUS. Kensu updates antivirus, anti-malware, and anti-spyware software on regular intervals and centrally logs events for effectiveness of such software.

2.2.7. CHANGE CONTROL. Kensu ensures that changes to platform, applications, and production infrastructure are evaluated to minimize risk and are implemented following Kensu's standard operating procedure.

2.2.8. DATA SEPARATION. Customer Data shall be maintained within a logical single-tenant architecture on multi-tenant cloud infrastructure that is logically separate from Kensu's corporate infrastructure.

3. SERVICE CONTINUITY

3.1 DATA MANAGEMENT; DATA BACKUP. Kensu will host Customer's access to and use of purchased instances of the Subscription Service in a pair of data centers that attained SSAE 18 Type 2 attestations or have ISO 27001 certifications (or equivalent or successor attestations) acting in an active/active

capacity for the Subscription Term. Each data center includes full redundancy (N+1) and fault tolerant infrastructure for electrical, cooling and network systems. The deployed servers are enterprise scale servers with redundant power to ensure maximum uptime and service availability. The production database servers are replicated in near real time to a mirrored data center in a different geographic region. Each Customer instance is supported by a network configuration with multiple connections to the Internet. Kensu backs up all Customer Data in accordance with Kensu's standard operating procedure.

4.1 AUDIT. No more than once per year and upon written request by Customer, Customer shall have the right directly or through its representative(s) (provided however, that such representative(s) shall enter into written obligations of confidentiality directly with Kensu), to access all reasonable and industry recognized documentation evidencing Kensu's policies and procedures governing the security of Customer Data ("**Audit**"). Such Audit shall include a written summary report of any assessment performed by an independent third- party of Kensu's information security management system. Kensu reserves the right to refuse to provide Customer (or its representatives) with any information which would pose a security risk to Kensu or its customers, or which Kensu is prohibited to provide or disclose under Law or contractual obligation.

4.2 OUTPUT. Upon completion of the Audit, Kensu and Customer may schedule a mutually convenient time to discuss the output of the Audit. Kensu may in its sole discretion, consistent with industry and Kensu's standards and practices, make commercially reasonable efforts to implement Customer's suggested improvements noted in the Audit to improve Kensu's Security Program. The Audit and the results derived therefrom are Confidential Information of Kensu.

5. MONITORING AND INCIDENT MANAGEMENT

5.1 MONITORING, MANAGEMENT AND NOTIFICATION.

5.1.1. INCIDENT MONITORING AND MANAGEMENT. Kensu will monitor, analyze, and respond to security incidents in a timely manner in accordance with Kensu's standard operating procedure. Kensu's security group will escalate and engage response teams as may be necessary to address an incident.

5.1.2. BREACH NOTIFICATION. Kensu will report to Customer any accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, Customer Data (a "**Breach**") without undue delay following determination by Kensu that a Breach has occurred.

5.1.3. REPORT. The initial report will be made to Customer security or privacy contact(s) designated in Kensu's customer support portal (or if no such contact(s) are designated, to the primary contact designated by Customer). As information is collected or otherwise becomes available, Kensu shall provide without undue delay any further information regarding the nature and consequences of the Breach to allow Customer to notify relevant parties, including affected Data Subjects, government agencies, and data protection authorities in accordance with Data Protection Laws. Customer is solely responsible for determining whether to notify the relevant supervisory or regulatory authorities and impacted Data Subjects and for providing such notice.

5.2 USE OF AGGREGATE DATA. Customer shall be responsible for providing notice to, and collecting any necessary consents from, its authorized users of the Subscription Service for Kensu's use of cookies.

6. PENETRATION TESTS

6.1 BY A THIRD-PARTY. Kensu contracts with third-party vendors to perform a penetration test on the Kensu application per family release to identify risks and remediation that help increase security.

6.2 BY CUSTOMER. No more than once per calendar year Customer may request to perform, at its own expense, an application penetration test of a sub-production instance of the Subscription Service. Customer shall notify Kensu in advance of any test by submitting a request to schedule an application penetration test using Kensu's customer support portal per Kensu's then-current penetration testing policy and procedure, including entering into Kensu's penetration test agreement. Kensu and Customer must agree on a mutually acceptable time for the test; and Customer shall not perform a penetration test without Kensu's express written authorization. The test must be of reasonable duration, but in no event longer than 14 days and must not interfere with Kensu's day-to-day operations. Promptly on completion of the penetration test, Customer shall provide Kensu with the test results including any detected vulnerability. Upon such notice, Kensu shall, consistent with industry-standard practices, use all commercially reasonable efforts to promptly make any necessary changes to improve the security of the Subscription Service. Customer shall treat the test results as Confidential Information of Kensu subject to the confidentiality requirements in the Agreement.

7. SHARING THE SECURITY RESPONSIBILITY

The Subscription Service has the capabilities to: **(a)** authenticate users before access; **(b)** encrypt passwords; **(c)** allow users to manage passwords; and **(d)** prevent access by users with an inactive account. Customer manages each user's access to and use of the Subscription Service by assigning to each user a credential and user type that controls the level of access to the Subscription Service. Customer shall be responsible for implementing encryption and access control functionalities available within the Subscription Service for protecting all Customer Data containing sensitive data, including credit card numbers, social security and other government-issued identification numbers, financial and health information, Personal Data, and any Personal Data deemed sensitive or "special categories of personal data" under Data Protection Laws. Customer is solely responsible for its decision not to encrypt such data and Kensu will have no liability to the extent that damages would have been mitigated by Customer's use of such encryption measures. Customer is responsible for protecting the confidentiality of each user's login and password and managing each user's access to the Subscription Service.

7.2 CUSTOMER COOPERATION. Customer shall promptly apply any Upgrade or Update that Kensu determines is necessary to maintain the security, performance, or availability of the Subscription Service.

7.3 LIMITATIONS. Notwithstanding anything to the contrary in this Data Security Guide or other parts of the Agreement, Kensu's obligations extend only to those systems, networks, network devices, facilities, and components over which Kensu exercises control. This Data Security Guide does not apply to: **(a)** information shared with Kensu that is not Customer Data; **(b)** data in Customer's VPN or a third-party network; **(c)** any data processed by Customer or its users in violation of the Agreement or this Data

Security Guide; or **(d)** Integrated Products. For the purposes of this Data Security Guide, “**Integrated Products**” shall mean Kensu-provided integrations to third-party products or any other third-party products that are used by Customer in connection with the Subscription Service. Customer agrees that its use of such Integrated Products will be: **(i)** in compliance with all Laws, including but not limited to, Data Protection Laws; and **(ii)** in accordance with its contractual agreement with the provider of such Integrated Products. Any Personal Data populated from the Integrated Products to the Subscription Service must be collected, used, disclosed and, if applicable, internationally transferred in accordance with Customer’s privacy policy, which will adhere to Data Protection Laws.
